```html
<h3>Set Up Two-Factor Authentication (2FA)</h3>

<ol>

    <li><strong>Log In:</strong> Access your bank's online portal.</li>

    <li><strong>Security Settings:</strong> Navigate to the 'Security' or 'Account Settings' section.</li>

    <li><strong>Enable 2FA:</strong> Choose the 'Two-Factor Authentication' option.</li>

    <li><strong>Set Up Method:</strong> Select your preferred method, such as receiving a code via SMS, email, or using an authentication app.</li>

    <li><strong>Confirm Setup:</strong> Follow the prompts to complete the setup and verify the configuration.</li>

</ol>
```
